Dear Mr [REDACTED]

We have been informed that you spoke to a number of people about the murder of Mr Anton Lubowski, in Windhoek, Namibia, 1989. Specifically, sources said that you were apparently informed on exactly how Mr Lubowski was shot. This fact was not reported in the newspapers.

Sources also allege that you have said that you were tasked to carry out the murder by Mr R F (Pik) Botha, the then minister of Foreign Affairs and that you were in effect an acquaintance of Mr Botha and that you often visited him at his home.

It has also come to our attention that you are listed both as a CCB and a DCC member in the so-called 'Steyn report'.

We will give due prominence to any comments you may have on the above.

Yours sincerely
